## ABOUT US

Founded In **1988**, Yango Has Been A Leader In Automotive Component Manufacturing For Over **35 Years**, Delivering Excellence In Quality, Innovation, And Customer satisfaction. From our state-of-art facility in sonipat, india, we specialize in advanced automotive lighting and visibility solutions, including indicators, headlights, new age accessories product like led bulbs, camera modules, android screen, type inflators and side mirros. Our journey reflects a commitment to revolutionizing the industry through engineering precision and superior manufacturing processes.

## OUR CERTIFICATIONS

## INJECTION MOULDING

We Currently Have More Than 17 Injection Moulding Machines Set Up For Competition In Our Homes. Our Machines, Which Range In Size From 50 Tons To 270 Tons, Are Made By Well-known Companies Like Ferromatik, Toyo, Nissel, JSW, And Others.

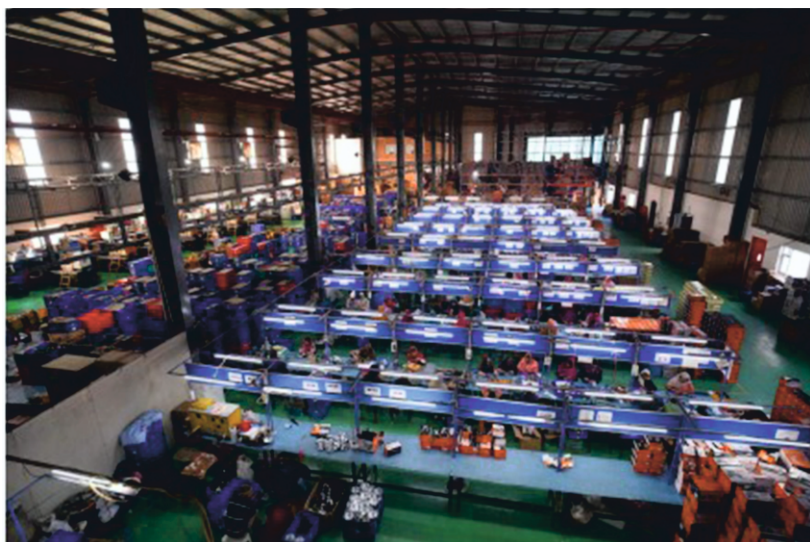

With Imported Machinery For Metalising From Cichel Chine, Our Plant Boasts Of Metalising Capacity Of 25 Lacs Lighting Components Per Month With Almost Quality Standards.

## LAMPS MERALISING

## ASSEMBLY AREA

With 12 Assembly Lines Devoted To Producing Our Whole Product Line, We Employ Over 300 People. With An Emphasis On Producing The Highest-quality Products, All Industry Standard Procedures, Quality Standards, And 5s Are Scrupulously Adhered To.

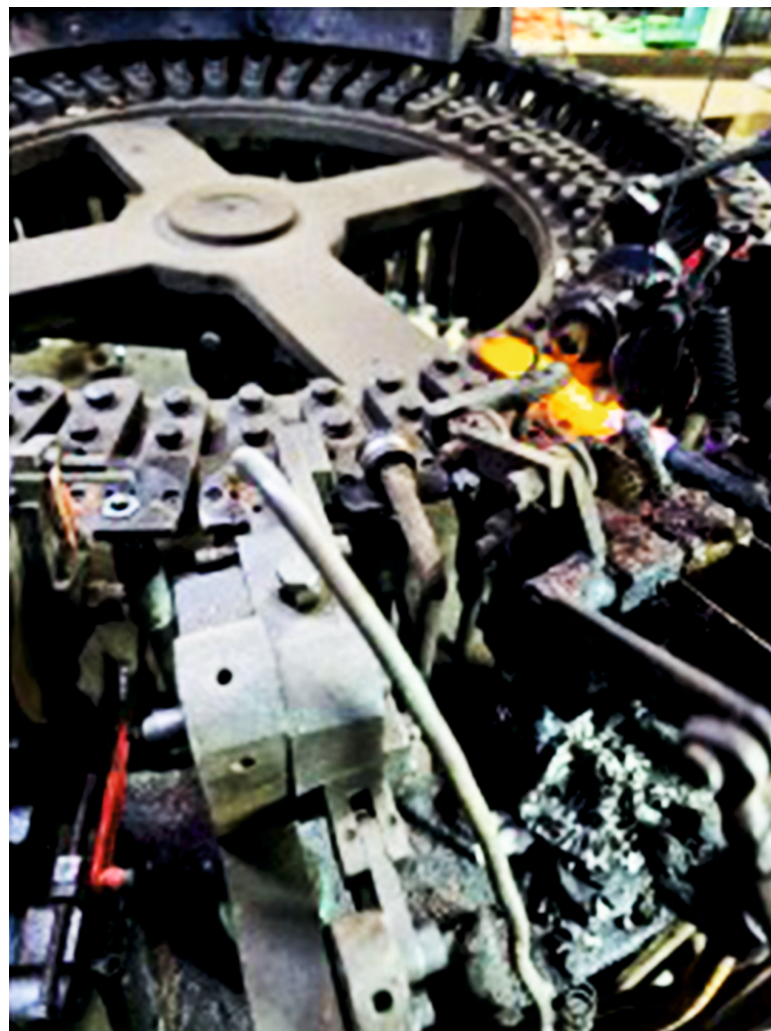

## TOOL ROOM AND TOOL MAINTAINCE

We Have In House Capability Of Product Designing, Prototyping, Tool Development And Maintenance. The Company Has Dedicated Designers, Engineers And Supervisors For The Required Processes.

## HALOGEN BULB FACILITY

- Currently Located In Peeragarhi, Delhi
- Complete Assembly And Quality Controlled Production Of G18.5, HS1, H4, H11 And Other Range Of Halogen Bulbs.
- Ensures Life Of 400 Hours Or 3,00,000 Blinking Cycles.

# BLINKERS

Plasma Coating On Reflector-  
Enhances Metalizing Life

Anti Corrosion Coating  
Longer Life

Hassle Free  
Fitment

Maximum Safety &  
Relaxed Driving
